IMPROVEMENTS ON KAY SEE.

Land Commissioner Sam Hain of the Kay See returned this morning from a trip up the road, where he has been with a party of prospectors. Mr. Hain says that things at Roganville are very lively now. W. W. Hardy & Bro. of Newton moved their stock of goods to Roganville, where they will enlarge their business. R. H. Fleming, another of the Newton merchants, has also made arrangements to move to Roganville. The work on the Hooker Bros. saw mill is progressing nicely; the site has been selected and preparatory work for the building of another new mill which is to be put in there, started. So great has been the demand for houses that the mill men there have let the contract for the construction of about 100 cottages, which are to be completed in a very short length of time. Mr. Hain was accompanied on this trip by Engineer Weed.

A dispatch from Minneapolis says that unless a heavy rain speedily visits the Cass Lake region, the fires now rioting in the "toppings" will extend to the standing timber, inflicting losses which will run into the tens of millions of dollars. The fire is confined to the stumpage and boughs, the old cuttings of the past two winters.

Minneapolis log owners are greatly alarmed. Everything is as dry as tinder. Mr. J. Scanlon of the Scanlon Gibson Lumber company said this morning that a terrible fire was raging south and west of Cass Lake. His advice stated that the citizens of Cass Lake are making great efforts to protect the town by "back firing." Mr. Scanlon says there has been a great deal of property destroyed in the region west of Cass Lake and extending back about twenty five miles to the west and northwest, and probably fifty miles on the southwest. The streams have dried up and everything favors a most disastrous forest fire.

SUITS FILED.

Two suits were filed with District Clerk Boykin this morning. Ambrosia Gerra sues the Gulf and Interstate Railway company for \$5000 damages for injuries received March 28 while returning from Beaumont to section No. 1 on the Genl. Gerra, in company with the section boss, was riding on a push car that was being shoved along by a hand car behind. On the push car was a box of groceries that came very near falling off when the two cars were going at a high rate of speed. In attempting to rescue the box Gerra fell from the car and it passed over him, breaking his collar bone and otherwise bruising him up. Nancy Johnson sues R. T. Lutz et al. for possession of a strip of land 10x12, lot 178, block 62, city of Beaumont.

IMPORTANT CAPTURE.

Special to The Daily Enterprise.
Manila, April 28.—Pedro Paterno, the head of the Filipino national assembly, was captured by Americans Wednesday last. The soldiers carried him in a litter to Naguilan.

GATES TO BE PROSECUTED.

Special to The Daily Enterprise.
New York, April 28.—Upon application of counsel Washington Seligman, Magistrate Seller has issued two summonses, one against John Lambert, president of the American Steel and Wire company, and the other against John W. Gates, chairman of the board of directors. The charge is made under the section of the penal code headed "Misconduct of Officers and employees of corporations." The penalty is not more than one years imprisonment and fine of \$500.

RETURNED FROM MEXICO.

Manager J. E. Byrnes of the International Crocoating company has returned from Mexico, where he spent the past thirty days. Mr. Byrnes was in the city of Mexico and went down to the coast. He says that the City of Mexico is experiencing the greatest building boom he ever saw.

G. & I. OPEN TOMORROW.

The passenger and freight train service which has been interrupted for the past twenty-four hours on the G. and I. on account of the recent heavy rains will be resumed tomorrow and all trains will leave about on time. The passenger train to Galveston will run tomorrow.

A DESTRUCTIVE STORM.

The storm yesterday and last night was general and very destructive. Six persons were drowned at Waco in a small stream that empties into the Brazos and a child was fatally injured in a small cyclone at Hum, in Hill county. The Colorado river is on a rampage again, and the temporary bridge put in by the Southern Pacific at Columbus was washed away last night. The rain was very heavy all over the state, and much damage has been done.

In discussing the flood with Clerk Boykin at the court house this morning County attorney Pope almost unnerved Judge Boykin by saying: "You Calder avenue people have always wanted to be in the swim and the Lord has gratified your wishes."

In another column will be found the announcement of Judge W. L. Easley as a candidate for Justice of the peace of precinct No. 1.

Oats in Uniform Sacks

Whenever oats and corn will be packed like bran and chops is now in uniform sacks then the feed business will be on a legitimate basis. We are satisfied that the dealers be judges of the quality, but we would rather that the correctness of the weight be determined by another agency, not that non-uniform sacks are worse but that uniform sacks are better.

We have now in stock three cars of uniform size 5 bushels each, 160 pounds to a sack, clipped oats. We had to pay a trifle higher to get them uniform, but we are satisfied to stand that and sell them at 33 cents a bushel—\$1.65 a sack. Ask us for special quantity prices. Only one place for feed.
